

Presentation for
ATV-320S (Low Gravity-2009 model)
ATV-500S (Low Gravity-2009 model)

ATV-320S(Low Gravity-2009model) w/Maxxis 14" On Road Tires

- ◆ Engine:272c.c. 4T, 4 valve, CVT, Liquid-cooled w/**Ceramic Cylinder, 15kW, CVT Horse Power**, High/low speed w/reverse, recoil as backup
- ◆ **More Stable driving on Road and More Operation, Steering, Fashionable than Off Road Version.**
- ◆ Front: Dual A-arm/ 5 way preload-adjustable shocks
- ◆ Rear: Swing arm/ preload-adjustable shock
- ◆ Front: R/L Disc brake, Rear: Disc Brake
- ◆ L x W xH:1850 mm*1270 mm*1100 mm

Differences for ATV-320S-2008 model & lower gravity-2009 model

2008 Version

difference

2009 Version (Lower Gravity)

- Front Width : 2009 Version is longer than 2008 version by more 115mm
- **More Stable driving 2009 model and More Operation, Steering, Fashionable than 2009 model.**
- Alloy handle bar W/Alloy handle bar bracket
- More Protection of Chain Guide + Styling of Wave shape disc
- Sporty Type of Handle bar grip
- Big Wheels of Maxxis 14" On Road Tires w/14" Alloy Rim – **More suitable for on Road Driving**

ATV-500S (Low Gravity-2009 model) w/Maxxis 14" On Road Tires

- ◆ Powerful liquid-cooled 499cc, 4T, DOHC engine w/5-speed, Dog Cutch, 50HP at 8000 rpm
- ◆ Low vibration with counter balancer
- ◆ **More Stable driving 2009 model and More Operation, Steering, Fashionable than 2008 model.**
- ◆ Front: Dual A-arm/ 5 way preload-adjustable shocks
- ◆ Rear: Swing arm/ preload-adjustable shock
- ◆ Front: R/L Disc brake, Rear: Disc Brake
- ◆ L x W xH: 1900 mm*1270 mm*1040 mm

Differences for ATV-500S-2008 model & lower gravity-2009 model

difference

2008 Version

2009 Version (Lower Gravity)

- Height : 2009 Version is lower than 2008 Version by less 100mm.
- **More Stable driving 2009 version and More Operation, Steering, Fashionable than 2008 Version.**
- Fashionable Alloy handle bar W/Alloy handle bar bracket
- More Protection of Chain Guide + Styling Wave shape disc
- Sporty Type of Handle bar grip
- Big Wheels of Maxxis 14" On Road Tires w/14" Alloy Rim – **More suitable for on Road Driving**

Major Feature Difference for ATV-320S(I)/500S(I) (Low Gravity-2009) Version

**Fashionable Alloy handle bar
W/Alloy handle bar bracket**

**Sporty Type of Handle bar
grip**

**More Protection of Chain Guide
+ Wave shape disc**

**Maxxis 14" On Road Tires
w/14" Alloy Rim**

Common Features for ATV-320S/500S-2008 & 2009 model

Multiple Functional Speedometer

- Odometer
- Clock
- Fuel Guage
- Temperature
- RPM

Lockable Key Switch

User-Friendly Charger

LED Tail Light

Lockable Tool /Glove box
